What Is The Best Herbal Ley?

With wholecrop harvesting now well underway and thoughts of autumn approaching, it is time to start thinking about your reseeding options for the coming season, and interest has been growing slowly over the last couple of years in herbal leys, and more recently regenerative agriculture. [Read more](#)

Dietary Crude Protein Levels

With first cut silages now in the pit, second cut not far away for many, and then with potential wholecrop and maize harvests to come, it may seem early but its already time to start thinking about diets for the coming winter, especially if you are autumn calving, as I'm already putting together my first transition diet for the coming season. [Read more](#)

Whole Cottonseed - A Super Dairy

Whole Cottonseed(WCS) has energy, protein, and fibre in greater concentrations than many other feedstuffs. That is why it is recognized by dairy producers worldwide as a cost-effective premier feedstuff for lactating cows of high genetic merit. In fact, more than 50% of the annual supply of whole cottonseed is consumed by dairy cattle. [Read more](#)

Capital Grant Scheme

The next window in early 2022 seems along time away but planning and preparation needs to happen now. [Read more](#)

New Partnership - Mole Avon

We are delighted to announce that we have agreed to work with Mole Avon Trading in a great new partnership.

Milk Powders

For our autumn calving clients, it is that time of year again to be thinking about milk powder purchases, if they have not already done so.

We can source milk powder directly from the following suppliers: Bonanza, The Calf Company & Trouw Nutrition, and indirectly from others too, to meet your requirements.
